BIORHYTHM Character Analysis & Compatibility is used in this newsletter. The newspapers say what happened THE TRUTH tells why.

GUARDIAN ANGELS

The Guardian Angels are a group of young civic minded citizens who make themselves visible to help deter crime. They are a citizen patrol group. When they do see a crime being committed they will detain the criminal until the police get there. These young people are getting involved & some of the police resist their assistance. Why?

Not all policemen are alike but my research shows there is a typical policeman type. He is a man with a low physical percentage. This means he lacks self-esteem. His lack of confidence makes him afraid they are after his job. He would feel they are telling him he can not do his job properly.

There are not enough police to take care of all the crime. These young people are not paid. They do not want to take anything away from the police. They want to help. I want them to help & would like to see them in all cities that need them.

The typical policeman is very emotional but has been taught to stifle his emotions. These bottled up emotions have to come out some way. The nature of his job would mean he could not get his emotions out in a loving way. If he can not be loving he will be mean instead. Maybe turning these stifled emotions on himself or his family.

The Los Angeles police are trained to be polite to the public. Within 1½ years a 33

year old policeman got asthma, ulcers & arthritis. He had been doing the "macho gig." He has become a cripple because he was not able to take his emotions out on the public. He was reluctant to seek professional help. The typical policeman type joins the force to get their emotions out on others.

The typical policeman needs power (high mental percentage). He is a man with low self-esteem who needs to be in control. He is a bully type. How would we expect that type of man to react to the idea of having Guardian Angels in their city?

In Atlanta the Guardian Angels were not readily accepted. They felt their toes were being stepped on & their jobs being taken away.

A lot of the teenagers who are in gangs are not there because they want to be. Some would be pleased to have the Guardian Angels around so they will not be forced to commit crimes because they are afraid of their leaders. The Guardian Angels will not accept anyone who has been in trouble with the law.

We would not need so many policemen if a different type was chosen. A person with all high percentages is dynamic. People look up to them. They are fearless (high physical percentage) & are not afraid of the "bad guys" like a low physical man would be.

Get rid of the victimless crimes. The police spend too much of their time hassling kids, women & gays. Ask the type of policeman we have now & they would tell you the country would be in bad shape (continued on page 2)

PARENTS WITHOUT PARTNERS

If you are single, divorced or a widowed parent, look up your local PWP Chapter in the phone book.

Recently 2 people I know had their HOMES BURGLARIZED while attending church functions (different churches). The burglars could be church members. They would have known how long these people would be away from home and where they live.

Never marry anyone who is beligerent & secretive. Your life will be a hell if you do.

Never marry anyone who bullies you into doing things.

Never marry anyone who is mean or cruel or has raised a hand to you.

GUARDIAN ANGELS - continued

if we got rid of the victimless crimes. They only feel secure hassling defenseless people. They want to preserve their jobs so they will make people fearful of those they need not fear.

When I was a young woman, my friends & I were held up at the Chicago Lake front by a gang of men. When we told the police our story & gave the descriptions, they broadcasted over the police calls as if only one man was involved. It was then I realized the police are not courageous enough to protect the public from gangs. They ridiculed us because they were afraid.

This happened 40 years ago & they are still hiring the same type of man. My research showed me why the police did what they did.

JURY TRIAL OR JUDGE TRIAL

If you have the choice between having a judge hear your case or having a jury trial keep this in mind. If you are not emotionally compatible with the judge s/he will be likely to dislike you, distrust you & wonder what you are up to.

If you are not mentally compatible with the judge what s/he hears you say might be distorted & not what you are really saying.

If you have a choice, 12 jurors will try to be fair. Chance of all the jurors disliking you & not hearing you properly is practically nil.

TITANIC & CUSTER

The Titanic hit an iceberg & sank because the Captain was more interested in speed than the safety of the passengers. The wireless officer was Jack Phillips 4-11-1887

Confidence 2 (83%)

Emotional 22 (57%)

Mental 15 (9%)

Here was a man who was quite fearless (83%). He was a loner (#22 emotional). He would have enjoyed his job. He was excellent with details (9% mental) but could not see how his actions could affect the future. He lived in the here & now. He knew they wanted to get there fast and that is what he was focusing on. He was SURE he was right ALL THE TIME. He disregarded the icebergs. They were not part of his immediate thinking.

Gen. George Custer 12-5-1839

Confidence 0 (100%)

Emotional 12 (14%)

Mental 17 (3%)

got his men killed because he also could not see beyond his immediate thinking.

He was fearless (100%). He thought he knew what was best for others (#12 emotional). He too felt he was right all the time (3% mental).

The mental percentage is not ones intelligence. It is their logic, their thinking & the way they hear things.

The low mental percentage people have their minds focused on immediate, close things. The overall picture & what can happen in the future are distorted for them. Because they see what is close at hand so clearly they are SURE they are right. They are usually right about details. It was the overall picture neither of these men were capable of seeing & it got a lot of people killed, including themselves.

TITANIC STRUCK ICEBERG

Are things predestined?

The Titanic struck the iceberg. It sank 4-15-12.

Confidence 21 (83%)

Emotional 15 (7%)

Mental 21 (27%)

That day was fearless (83%), cared only for self & would get attention any way it could (#15 emotional). Was attracted to the unusual & to trouble (27% mental).

J. PIERPONT MORGAN 4-17-1837

Confidence 20 (74%)

Emotional 23 (64%)

Mental 23 (39%)

Morgan was the one most responsible for building the Titanic. He too had a lot of confidence (74%) & was attracted to trouble (39% mental). He was not afraid to get involved with the unusual & the new.

PUT HUSBAND THRU SCHOOL

When a wife puts a husband thru school & he divorces her she is now entitled to be reimbursed what this is worth.

This was ruled in court January 1982.

RE: BIORHYTHM COMPATIBILITY

"...been very helpful...to use in discussing our differences of needs, without throwing blame on each other or starting a disagreement over who is right..."

We went over the letter in detail & it seems we are making some progress in understanding each other somehow."

To order your own compatibility send 2 birthdates (month, day & year). See order form this page.

F.D. ROOSEVELT

Some think FDR was a good president & some do not. FDR had a typical politician personality (low confidence, natural child, needing power). What was he like as a man?

born 1-30-1882

Confidence 13 (13%)

Emotional 15 (7%)

Mental 31 (88%)

He was in a wheel chair but that

would not have bothered him too much because of his low physical (13%). He was charming, outgoing & a born actor (#15 emotional). There was only a grain of truth in what he said. He lived in a fantasy world. He was a natural child who would do anything to get attention. He had to be in control or to lead (88% mental).

Because he lacked confidence, which he had learned to cover up, he would have bullied when he felt he was losing control.

Roosevelt said "...your boys are not going to be sent to any foreign war." A month later Pearl Harbor in Hawaii was bombed. It is told a message had been put on FDR's desk a month before the bombing saying what was going to happen but he ignored it. He would not have known how to stop a war without thinking people would think he was a coward.

Ever since World War II, wars have been used to jack up our economy. Will we escape this again?

My research shows Presidents with low confidence get us into wars because they are afraid if they work to keep us out, they will be called cowards or sissy. President Carter has 100% physical. He worked at making peace. President Reagan has a 57% confidence. He is trouble making. He is not good at foreign affairs. It is dangerous for him to get too mouthy but he can not help himself.

If you want more of what FDR had to offer you could look to Ted Kennedy. He is overall 93% like FDR. Watching Kennedy function would be like watching FDR without a wheelchair.

In FDR's time the press did not print much of the scandal type things. FDR & his wife Eleanor went their separate ways even tho they were compatible. Ted & Joan divorced

even tho they are compatible. Too many toys for the natural child politician to resist playing with.

MARRIAGE DIFFERENCES

Low physical people do not need or want much sex. When married they would each be happiest having their own room & their mate having to make a date to come into that room & spend the night. They might choose to have extended periods of no sex. This will not work if one mate has a high physical & the other low. They both have to have low physicals for this to work.

A high & low physical together would have sexual, energy & money problems. The low physical person could not keep up with the high physical person physically. The high physical would spend while the low saved.

Next issue, more marriage differences.

HOMOSEXUALITY

The little homosexual research I have done makes me believe there are several reasons for homosexuality. With some it is natural. We are all different & that would go for our sexual preference too.

A male who has a very low physical percentage has low self-esteem. He would not be sexy & might feel he can not approach women because they could be too demanding. He could feel more comfortable with his own sex. He might not feel he

has to give too much sex when he is with another male. Sex is not important to him but he might be the type who needs a lot of cuddling. He might feel he has to repay the woman for the cuddling with sex & he can not handle that.

If he got himself a female who also has a very low physical percentage he would not have to feel threatened by her.

HOMOSEXUALITY & THE BIBLE

A fundamentalist preacher said he could not understand why the homosexuals would not come to him for "help". He said "I want to help them." In translation that means "I can not accept you the way you are. I want to change you."

So many people have been destroyed & hurt in the name of the bible. When people are being hurt that is evil no matter what you say your reasons are. The bully types use the bible to be able to get away with bullying. Their excuse is "That is what the bible says."

Emperor Constantine I (born 274 AD) had the bible stories compiled more than 300 years after they allegedly happened. He kept what he wanted & ordered the rest destroyed. He would have put in what he wanted to control the people.

To try to live a partial history book is sheer nonsense & self-destructive.

The bible is still being used to control & destroy.

A typical preacher type is one who needs power. He is a bullying type. Government & religions seem to be the only places bullies are accepted & allowed to get away with the persecution of others.

LOVE YOUR LETTERS. Postage is so expensive. If you write to me & would like a reply please enclose a stamped envelope.

THE SKY IS FALLING

Pres. Ronald Reagan is cutting off Federal services & is trying to get things back to where the states handle them instead. Some things are better handled by the Federal & some by the Local Government.

He said if people do not get fair treatment in their state they can move. This is why there are so many blacks in cities like New York, Chicago, Detroit, Washington D.C. The people who can not leave because they do not have the money or because of their roots will not get adequate schooling, etc. in some states.

Pres. Reagan is a natural parent(#1 emotional). He cares mainly for his family not yours. He is a natural teacher and needs to have people lis-

ten to him (58% mental). That is why he talks so much.

He is trying to get everything back to the small communities like on "Little House on the Prairie." That would be idealistic but every home can not have a mother in it all day & we can't all have those one room school houses. He is undoing 1/2 century of social progress.

Women will be forced to marry just to have a breadwinner. She will be shammed out of her job so a man can have it. The sky is falling! Times are going to get real tough.

HURT OUR ECONOMY

Right after WWII when they started importing all those things from Japan it alarmed me because I felt this would hurt our economy. No one else seemed to be concerned but me. I was young & did not know how those things functioned. "They" must be wiser than I am."

It seems I was right. This makes me trust my judgement. It takes low physical people a long time before they do. I have 30% confidence.
